**Type of Disability:**

I have examined the applicant (fully identified in the Applicant's Section of this application). It is my opinion that he/she is a "disabled person" within the meaning of the terms set forth in this document. The impairment is the following:

Check all that apply:

**Blindness** – There is central visual acuity of 20/200 or less in the better eye with the use of correcting lenses. An eye which, accompanied by limitation in the field of vision such that the widest diameter of the visual field subtends an angle of greater than 20 degrees, shall be considered as having central visual acuity of 20/200 or less.

**Hearing Impairment** – With hearing aids, hearing is NOT restored to one of the following levels:

**Average hearing threshold sensitivity for air conduction of 90 decibels or greater, and for bone conduction to corresponding maximum levels, in the better ear, determined by the simple average of hearing threshold levels at 500, 1000, and 2000 Hz.**

**Speech discrimination scores of 40% or less in the better ear.**

**Ambulatory Disability/Disorder of Gait** – From whatever cause, the person is unable to move about without a walker, wheelchair, wheelchair stroller, a crutch, crutches, or a cane at all times. The word "unable" is used in its literal sense. The fact that one of these mechanical aids facilitates movement is not sufficient.

The applicant is incapable of moving about without use of the following aid:

**Wheelchair**    **Wheelchair Stroller**    **Cane**    **Walker**    **Crutch (es)**

**Other Ambulatory Aid (please describe)** \_\_\_\_\_

**Loss of Both Hands** – By reason of amputation or anatomical deformity, the person lacks both hands.

**Epilepsy** – The applicant is having seizures or side effects very often that affect her/his ability to drive and be safe on the road.

**Developmental or Learning Disability** – The scores specified below refer to those obtained on the W.A.I.S. and are used only for reference purposes. Scores obtained on other standardized and individually administered tests are acceptable, but the numerical values obtained must indicate a similar level of intellectual functioning.

**The person is mentally incapacitated such that he/she is dependent upon others for personal needs (e.g., toileting, eating, dressing, or bathing) AND is unable to follow directions such that the use of standardized measures of intellectual functioning is precluded.**

**Based on a valid verbal, performance, or full-scale IQ test, the person has an IQ of 59 or less.**

**Based on a valid verbal, performance, or full-scale IQ test, the person has an IQ of 60 to 70 AND is unable to perform routine repetitive tasks OR has a physical or other mental impairment imposing additional and significant limitation of mobility or gait.**

**Serious Mental Illness** – The applicant currently meets the criteria for a DSM-IV diagnosis other than (i) alcohol or drug disorders, (ii) developmental disabilities, (iii) dementia or mental disorders due to general medical conditions, except those with predominant psychiatric features, or (iv) social conditions (V-codes): AND experiences substantial impairments in functioning due to the severity of his/her clinical condition. The applicant experiences substantial dysfunction in a number of areas of role performance or is dependent on substantial treatment, rehabilitation, and support services in order to control or maintain function capacity. Further, the person has experienced substantial impairments in functioning due to mental illness for an extended duration.

**Expected Duration of Disability:**

**Temporary** (more than three months but less than four years), please indicate the expected duration of disability \_\_\_\_\_

**Permanent** (Card duration 5 years)

**Statement of Eligibility:**

**If applicant meets the eligibility criteria, please attach a signed and dated separate statement on your professional letterhead noting the name and diagnosis of the applicant and describing in detail how the applicant meets the eligibility criteria. Photocopies and form letters are not acceptable. This statement is required in order to process this application.**
