## **Maintenance will affect RTD's downtown Denver light rail service for two weeks**

*Work begins tomorrow; bus shuttles will be offered between affected stations on H Line*

DENVER (Sept. 9, 2020) – Light rail service on the [Regional Transportation District \(RTD\)](#)'s H and L lines will be affected for two weeks beginning at 3:30 a.m. tomorrow through Wednesday, Sept. 23, due to track maintenance work.

Crews will be replacing existing track along portions of the H and L lines in the downtown Denver area. This update is one of several maintenance projects planned for the coming years, directly benefiting the traveling public. Rail returns to regular service Thursday, Sept. 24.

The L Line will not have service during this time. Riders can take bus Route 43 as an alternative, with southbound and westbound stops on California Street and northbound and eastbound stops on Stout Street.

The H Line will have no service north of Theatre District•Convention Center Station. Bus shuttles will serve the H Line at these affected stations:

- Theatre District•Convention Center Station
- 16th•Stout and 18th•Stout stations
- 18th•California and 16th•California stations

Riders should plan for additional travel time.

Additional questions about this or other rail replacement work can be directed to Lisa Trujillo, manager of project outreach, at 720-675-2501 or [Lisa.Trujillo@rtd-denver.com](mailto:Lisa.Trujillo@rtd-denver.com).
