

Overhead power line work to affect R Line light rail service Wednesday between RTD's Fitzsimons and Peoria stations

Bus shuttle service will connect customers between affected stations

DENVER (March 10, 2023) — The [Regional Transportation District \(RTD\)](#) will perform necessary maintenance that will affect light rail service on the R Line between Fitzsimons and Peoria stations on Wednesday, March 15 from noon to 8:00 p.m.

The planned work, which is dependent on weather and temperature, is being performed to replace overhead wires at Peoria Station. Regular service on the R Line will resume following completion of the repairs.

Bus shuttle service will run approximately every 30 minutes based on operator availability. Customers can board shuttles at the following locations:

- Peoria Station: Gate E
- Fitzsimons Station: On Fitzsimons Parkway adjacent to the railway station.

RTD encourages customers to sign up for [Service Alerts](#) to get specific information on impacts to routes and stations. Customers may also use RTD's [Trip Planner](#) and [Next Ride](#) web apps to plan a trip and see bus and train locations in real time.

ABOUT RTD

The Regional Transportation District develops, operates and maintains a public transportation system that meets the transit needs of close to 3 million people within an eight-county service area in the Denver Metro region.
