Total: 224,102

Average boardings: 112,051

Rank without I-225 = rank without the stations that are less than a year old to compare against a year ago.

NR = station "not ranked" because it is less than one year old and is not comparable yet.

Total does not match system ridership figures reported by Finance, due to figures above not including special trains for events and miscellaneous ridership not attributed to a specific station. However, special event riders on regular trains are included in ridership averages. Includes secondary effects of normal holidays and school vacations.
