

Planning/Capital Programs & FasTracks Committee Charter

Committee Purpose:

- The former Planning and Development Committee and FasTracks Monitoring Committee were combined in 2017. See Bylaws (11/29/16) Art. VI, p. 18.
- The combined committee now deals with planning and development issues, including all corridors either in planning or under construction, all RTD facilities, and land acquisitions. The committee determines the fiscal impact of corridor planning and implementation included in the budget, as well as the transit-oriented development program as applicable and reviewed by the Financial Administration & Audit Committee. Further, in light of its ongoing supervision of the FasTracks program, the committee oversees contracts related to FasTracks, modifications to the FasTracks financial plan, approval of the Senate Bill 208 report, Intergovernmental Agreements, approval of environmental planning studies, public-private partnerships or other innovative financial solutions related to FasTracks, and changes to the FasTracks plan. Updates are also provided to the committee on a number of areas including the Mid-Term Financial Plan.

Operating Procedures:

- By close of business on Wednesday of the week preceding the committee meeting, the Assistant General Managers of Planning/Capital Programs & FasTracks will submit an agenda to the Board Office with the appropriate Board reports, updates, or other documentation.
- The agenda will normally follow the order: Recommended action, updates, other matters, next meeting date, and adjournment. The Committee Chair has the discretion to change the order as needed. See Bylaws (11/29/16) Art. VI, p. 15.
- This agenda and backup will be included in the Board packets sent to each Director on the Thursday preceding the committee meeting.
- During the committee meeting, staff will review or present the agenda items as appropriate and discuss any items of concern.
- The Committee Chair should call for a motion on an action item, following Robert's Rules (the Board's established parliamentary authority) in the discussion of the item.
- Items that are moved forward by a motion and properly discussed will be voted on. A majority vote is required to move an action forward to the full Board for approval.
- The currently adopted Board of Directors Operating Guidelines are to be followed at all meetings.

- CRS sections 32-9-109.5 and 32-9-114 of the RTD Act describe the administrative powers and authority given to the RTD Board of Directors. - Action items are placed on the Board agenda, either under unanimous consent or recommended action, according to whether the committee passed the item forward unanimously or with any opposing votes.
- The committee's authority is limited to recommending action to the full Board, obtaining information, and developing proposals for the full Board.
- A new item may be discussed for recommended action if brought forth by three or more committee members and provided to the Executive Manager of the Board Office by Wednesday of the week preceding the committee meeting. This item must include all required elements of a recommended action, including any corresponding General Manager goals and financial impact.
- An action item passed by committee does not become an official action of the District unless approved in the formal Board meeting.
